

**WE AT PRECISION STRIVE
TOWARDS PROVIDING A
SEAMLESS WAY OF LIVING**

Our Company▶

Fostering innovation and creative design, we are establishing a new standard in the Electrical Industry through **S.M.A.R.T** products that offer a balance of Safe, Modern, Affordable, Reliable and Timeless ranges. With a wide range of products from switches, MCB's and Accessories, we ensure that each product establishes new standards of quality and ergonomics, for man and machine to work together efficiently.

Established in the year 1988 in Mumbai, India, our goal was simple, to be a one stop solution provider in the Electrical industry. With a vision to offer the best in class products and services, we at Precision work towards providing an overall smoother experience and way of living. Our legacy coupled with a young and energetic team defines our experience and culture that is directed to building a futuristic and new-age brand.

What makes us unique?

Industry Veterans

360° In-House
Capabilities

We are extremely conscious about our impact on the world around us, our customers, stakeholders and our employees. We strive to bring about a positive change and ensure sustainable growth through our business and our brands.

Precision across the line ▶

We firmly believe that it is the smaller details that create a stunning picture.

Hence, we ensure **Precision across the line** from design to product to quality tests.

PRODUCT DESIGN

Our products are designed using our in-house engineering & tool development facilities, with emphasis on product ergonomics.

MANUFACTURING

From moulding to assembly, all our manufacturing processes are conducted under one roof.

QUALITY ASSURANCE

We are establishing new industry standards by going above and beyond the certification requirements, assuring safety and quality across the board.
